OUR 9TH YEAR AT CANCER CONTROL CONVENTION

A SAUNA BACKED BY MEDICAL PROFESSIONALS

We have been going to alternative cancer expos for about 6-7 years. We have got some great feedback from people who return the next year to tell us their experience. They credit the Relax Sauna as being instrumental in the healing process. We encourage people who have a serious illness to use the Relax Sauna as part of their health protocol. The book No Sweat Know Sweat by Dr. Bill Akpinar further shows the incredible detoxing benefits sweating can have. Dr. Akpinar also recommends the Relax Sauna as the most effective Far Infrared sauna that he is aware of and regularly orders these for his patients.

Many people report to us relief of Fibromyalgia, migraines, asthma, headaches, digestion difficulties, sinus draining, and many other benefits through the use of the Relax Sauna. We have reports of the Relax Sauna helping with Lyme Disease, Oxygen Deprivation, Diabetes, Neuropathy, heart problems, cancer and much more.
