# Relax FIR Sauna Bathe in Healing Light !

" Go to Talk on Saturday - 10 am - Capri 107 - Bathing in the Healing Light of FIR energy. "

Many naturopathic doctors find when their clients use the Relax Sauna regularly as a treatment in their facility, or in their homes, they get better results with their patients. At the Cancer Control Society Conventions, MANY speakers recommended using a Far Infrared Sauna with the healing programs they were using at their clinics. Needless to say, we were VERY popular, and have sold dozens of Saunas at this show over the last 2 years.

## The Relax Sauna stands Heads and Shoulders above all other portable or wooden Saunas.

Find out Why ! Pick up our 24 page booklet on the Relax Sauna & our 4-page testimonial sheet at our booth. We are the only portable sauna that uses 100% FIR Energy, and that is why the radiant light feels so much better. You can feel the difference. We use a patented semi-conductor chip (right) that filters out all non-healing energies. The Relax Sauna radiator is registered with the FDA.

"The Relax FIR Sauna can prepare your client for you by warming their tissues. If you are a massage therapist, you will also be able to save your hands from having to do repetitive motions to create the friction necessary to warm their tissues. One wants to work smarter, not harder. After putting my clients in the Relax Sauna for 10 minutes, I can do a better massage in 20-25 minutes than I can do regularly in a 50 minute massage session."

- Sheri Smith, LMT.

Give Better Customer Service ! Many Healing Centers charge \$35 or more for a 20-25 minute session. A Wellness Center in New Mexico told us that the Relax Sauna paid for itself this way in 45 days. Your clients will also want to buy these from you. You also deserve to be pampered ! Try the Relax Sauna at our booth. Buy one for yourself. *Sign up at our booth to be able to sell these to your clients or patients after they fall in love with it !*

A massage therapist in Detoit bought a Relax Sauna at a health show, and 3 days later, ordered 3 more for her clients, one who was an MS patient, who had incredible results. Another Massage therapists told us his clients "melt like butter in a microwave." This particular massage therapists sold 13 saunas in the next 6 months.

## Spend 5 minutes bathing in Healing light !

Try the Relax Far Infrared Sauna at our **Booth # 418**

You should not sweat at our booth, since usually one starts sweating in about 8 minutes, and (at home) can have a complete sweat in 20-25 minutes. It is a Wonderful Experience !
