Lowers at least 1% of Body Fat in only 25 minutes of using the Sauna

Body fat goes down 3% (27-24)

Increases the flexibility of blood vessels

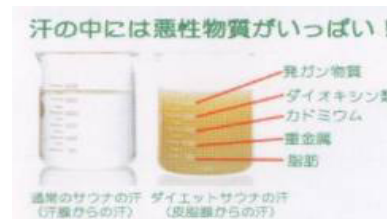

Expands the range between systolic & diastolic blood pressure in only 25 minutes.

*Increase blood vessel flexibility
Now: 75mmHg (144-69)
Was: 54 mmHg (141-87)*

Sweats Quickly & Effectively

One easily sweats in 10 to 15 minutes! You can frequently sweat out most of the toxins caused by water & air pollution, chemically processed food, and pesticide contamination.

Pain Relief

After *detoxification and increased blood & lymph flow*, body pain will naturally disappear.

Effective Detoxification

Delivers energy deep into the cells and tissue, not just to the skin's surface.

Promote Cell Regeneration

Activate cells & help the regeneration cycle. Young cells regenerate every 28 days which helps your skin condition return to normal.

Improve blood circulation & cardiovascular conditioning without exhausting exercise! Avoid damaging your ankles & joints.

The Self-temperature control system keeps the sauna temperature at 165 – 175 F. One can do a complete sweat in only 20-30 minutes
